

## Graduation Requirements

The Associate of Science degree will be awarded to students who complete all credits in this program with a grade of "C" or better. Some required courses may be graded on a pass/no pass basis. A grade of "P" for these courses indicates a student earned a "C" or better grade.

Choose one of the following ways to complete SOUs lower division general education requirements.

1. Complete the requirements for the Oregon Transfer Module (OTM) at RCC.
2. Complete the AAOT or ASOT requirements at RCC.
3. Work closely with an academic advisor to complete courses at RCC that will meet the SOU lower division Capacity requirements.

A guide to help meet the SOU lower division Capacity requirements with RCC transfer courses

To meet the Purposeful Learning Capacity component of the SOU lower division general education take the following courses:

WR121Z Composition I

WR122Z Composition II

and choose one of the following COMM courses:

COMM 111Z Public Speaking or COMM 218Z Interpersonal Communication

The three courses transferred together will transfer to meet the Purposeful Learning requirement.

The other lower division Capacities are met by 1 course each at 3-5 credits. Each Capacity must be met by an approved course. Subject codes can only be used one time per Capacity. The subject code is the one assigned by SOU after the course transfer. See the General Education Transfer Tools to choose your courses. It is very important to work closely with an academic advisor to ensure the courses you choose help you meet SOU and RCC requirements.

COMM and WR are subject codes that can be repeated one time to meet a Capacity outside of Purposeful Learning. Since WR and COMM are required for Purposeful Learning to be met by transfer courses, the subject codes WR and COMM can be used once more to satisfy one of the other Capacities. For example, if a WR course is found to transfer as an SOU WR course that can meet the Communication and Expression Capacity at SOU it can be used to meet this Capacity. But that will be the last time the WR subject code can be used to meet a Capacity
