

**Faculty Performance Expectations
HEALTH & PHYSICAL EDUCATION**

Professional faculty members will be measured against the expectations listed under teaching and service (see section 5.224 and 5.226). Professorial faculty members will be measured against the expectations listed under teaching, scholarship and service (see sections 5.224-5.226).

All faculty members should be making progress toward performing at the preferred level in each of the areas applicable to their appointment. The acceptable level describes the minimum performance expected for continued employment. Note: unacceptable performance is defined as below an acceptable level and may require a plan for correction (see 5.370).

The preferred level describes the average or typical performance level for a faculty member making good progress toward final promotion. The exceptional level would characterize and recognize faculty who demonstrated significant achievements, well beyond the preferred level.

All faculty members must have the educational background required and have completed the required years in rank prior to the effective date of promotion or the required years of service prior to the date of awarding of tenure or a three-year extendable appointment (see section 5.223).

In addition, the faculty member's performance portfolio must be reviewed and demonstrate that there are sufficient contributions in each of the areas appropriate to the faculty member's appointment. Faculty must meet or exceed the acceptable performance level in each area applicable to their appointment. The number of areas required to exceed the acceptable level gradually increases (see table below) until all areas must be at the preferred level for final promotion (Senior Instructor 2 or Full Professor). Note: exceptional performance is not expected, nor required for promotion to any rank, however faculty members may elect to replace preferred performance in two areas with acceptable performance in one area and exceptional performance in the other.
